

*To whom it may concern*

I am pleased to inform you that Ms. **Rania Atia Mohammed** was a student in the Department of Mathematics and Computer Science, Menoufia University, Egypt. I have known Ms. **Rania** for the past four years as a student of our college when I taught her the undergraduate courses. Ms. **Rania** has prepared her graduation project under my direct supervision. Her research work has yielded some important problems in the field of solutions of nonlinear partial differential equations in fluid mechanics.

Ms. **Rania** is a diligent student and always makes good progress in all scientific work she is asked for. I highly recommend her to pursue her studies at your university and wish her the best for the future.

Judging by the information derived from my acquaintance with her scientific ability and her reputation among her colleagues. I am sure and fully confident that Ms. **Rania** will be able to carry out a good job as a member of your university.

Sincerely yours,

**Prof. Dr. Adel M. Morad**

Associate Professor of Applied Mathematics, Mathematics and  
Computer Science Department

Faculty of Science, Menoufia University, Egypt
