To Whom It May Concern

I am Hanaa M. Zayed, Associate Professor of Pure Mathematics, Menoufia University, Egypt. I am proud to recommend my student Rania Attiya Mohamed. She was a student in the Department of Mathematics, Faculty of Science, Menoufia University, Egypt. During her undergraduate studies, she is a smart, diligent, perceptive student. She grew in learning, in character, in-depth of understanding. She is consistent, dedicated, enthusiastic, and cheerful. She has youngling energies and a refreshing idealism tempered only enough to accomplish what needs to be done. I recommend her to be one of your researcher's team.

Thank you once again for the opportunity to recommend a Young woman. If you have any question on this matter, please don't hesitate to contact with me.

Sincerely yours,

Hanaa M. Zayed
Associate Professor of Pure Mathematics
